DESIDERATA

GO PLACIDLY AMID THE NOISE AND HASTE, AND REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexatious to the spirit. If you compare yourself with others, you may become vain and bitter, for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs, for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be. And whatever your labors and aspirations, in the noisy confusion of life, keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.

You Are A Child Of The Universe . . .

As we begin or complete our high school years we no longer think of ourselves as children. No matter what age we are or what heights of success we achieve, we will always be "children of the universe." We are individuals striving to grow and learn, knowing in our hearts that we truly have a right to be here, a right to belong and a reason for living.

No Less Than The Trees And Stars

We know so much about life and yet so little about living. There is so much to see, do, experience and enjoy in this world that we have barely begun to live.

As we move swiftly through high school our lives change constantly. We grow and learn and are shaped into individuals. Finally, we leave the security of high school behind us and greet the world with open arms. We are labeled as adults and yet we will always be "children of the universe."

Keep Always, The Spirit Of A Child

Suddenly, the day we have anxiously awaited is upon us. We are now free individuals! Free to do whatever we choose for the rest of our lives! Many of us have not fully realized the importance of this statement. We are now adults and must make adult decisions. Our very future, what we will do or become, is entirely up to us. No matter which of life's many paths we choose to follow, carefree memories of our high school days and especially of our Senior year, will remain with us forever.

Senior Year: End Of A Common Path

For twelve years we, the class of 1978, have been following essentially the same path. High school helped us diversify our interests, and now, as our senior year comes to an end, we will all take different paths to pursue these interests. Yet all of our paths will have the same destination-happiness.

Juniors Drive For Future Goals

Although the new system of registration upset most upperclassmen, they accepted it with a mature attitude. After two years at Orange Glen, they expected to register before the freshmen and the sophomores.

This year's juniors experienced a year of high spirits in everything from classroom activities to sports.

Orange Glen Salutes Bud Quade

Looking back over 30 years as an Educator, G.W. (Bud) Quade has mixed emotions about retiring. He states "I look forward to retirement and then I still get a pang in my heart when I think of leaving." He commented that he has been very happy in his position as Superintendent and has had "just tremendous" people to work with. He also said that he thinks the students are just "great" and after seeing how they perform and conduct themselves, "couldn't ask for a better place."

Mr. Quade began his career teaching Jr. High school in 1946. In 1947 he came to Escondido and taught as a classroom teacher until 1953 when he became Assistant Principal at Escondido High School. In 1954 he became principal at which time he was also chairman of the management committee. He became Superintendent in 1955 when the office was first formed.

Quade states that the most outstanding thing about holding this position has been witnessing the tremendous growth of this area. When he first came to Escondido there was only one high school with approximately 650 students. At that time Escondido's population was around 4,000.

Quade has enjoyed the challenge of trying to keep ahead of growth and trying to keep some stability in the district. He accomplished fantastic feats in dealing with community growing pains and is truly to be commended.

a. Bud Quade reads through a report. b. Mr. Quade is escorted by Drillteam co-captain Paula Hansen and captain Teri Sherman during a half time show in which he was honored.

School Board - Important And Influential

The Escondido Union High School Board of Trustees are a very important and influential group. They are public elected officials who generously give of their time to serve the youth of today. These people set policy and make decisions on important matters. It is up to them to authorize what will and won't be taught and how many credits are needed to graduate from high school. They also make final decisions on the employment of teachers and determine the outcome of many more important matters. In short, they keep everything running smoothly.

P.E., Special Teachers Work And Relax

P.E. is a good class to let all your energy out. It is also a good time to talk to friends you might not see very often or to exercise and lose a few extra pounds. It's a good idea to take it after lunch and work off the new calories.

You Are A Child Of The Universe

"Take kindly the counsel of the years, gracefully surrendering the things of youth."

School is a pretty big part of our lives right now, but as we grow and go our separate ways we will "surrender the things of youth" and many other things will become important to us. We rarely take time to appreciate all that we have right now. As the years pass, we will look back on our lives as students and remember much more than classes, dances and various clubs. Unforgettable memories of parties, surfing, skiing, the beach and special friends will remain with us forever.

Old-Fashioned Theme Prevailed

Although unusual circumstances including dense fog, surrounded Homecoming night, nothing could dampen the excitement of the crowd, the football team, or the royalty. At the last minute the football game had to be played on the field of cross-town rival Escondido High. This was due to a power failure of Orange Glen's field lights.

The theme of this ASB sponsored event was "An Old-Fashioned Homecoming" and it turned out to be truly fitting, for in its first years, O.G. had to play all of its home games on Escondido's field.

The pre-game ceremonies began with the coming in of cheerleaders past and present on an old-fashioned fire truck. Next was the entrance of Freshman Prince and princess, Sean Salisbury and Mitzi Ausbrooks, followed by Sophomores Mitch Perdue and Gen Moczarny. Wes Marshburn and Michelle Bartok represented the Juniors and Senior royalty was Mike Bush and Susie Roberts. As all the court had, King Ron Parker and Queen Sue Adams rode in on an old-fashioned car.

You Are A Child Of The Universe

"Many persons strive for high ideals and everywhere life is full of heroism. Be yourself."

In this fast-paced world in which we live, it is important that we be ourselves, whether attempting a one-man feat or using our talents to enhance a team. It doesn't matter if we are league champs or in last place, if we take time to appreciate our experiences and apply them to our own ideals, we will always come out on top. This applies not only to sports but also to this competitive thing we call life.

Patriots Advance In C.I.F. Playoffs

Throughout the 1977 football season the Patriots overcame tremendous odds in winning the Avocado East championship. The fighting Pats finished the regular season undefeated with an 8-0-1 record, tying only San Pasqual in the league opener 20-20. In the first round of the C.I.F. playoffs the Pats faced defending C.I.F. champs, El Camino. As it was most of the season, the Patriots came into the game heavy underdogs, but like eight times in the past, the Pats came out on top, winning 19-9. The team outplayed its much larger and physical opponents with great speed and aggressiveness. In the second round of the playoffs the Pats faced Sweetwater, the Metro League champs. The Patriots fought hard all the way, but fell short, 14-8, as time ran out.

11 players made all-league honors including middle linebacker Chris Hudson, who was voted to the first defensive team and also defensive player of the year by the Avocado League coaches. Also elected to the defensive first team were tackle Brian Kay and cornerback Ken Miller. Voted to the first team on offense were quarterback Doug Disney, wide receiver Chris Corp and Guard Jim Larzalere. Head Coach Paul Moyneur along with his assistants Jeff Carlovsky, Leonard Shaw, Bud Serviolo, Jerry Fenton and Glen Freeman, did a fantastic job all year with a team lacking size and the superstar atheletes, leading them on farther than anyone would have dreamed possible at the beginning of the season.

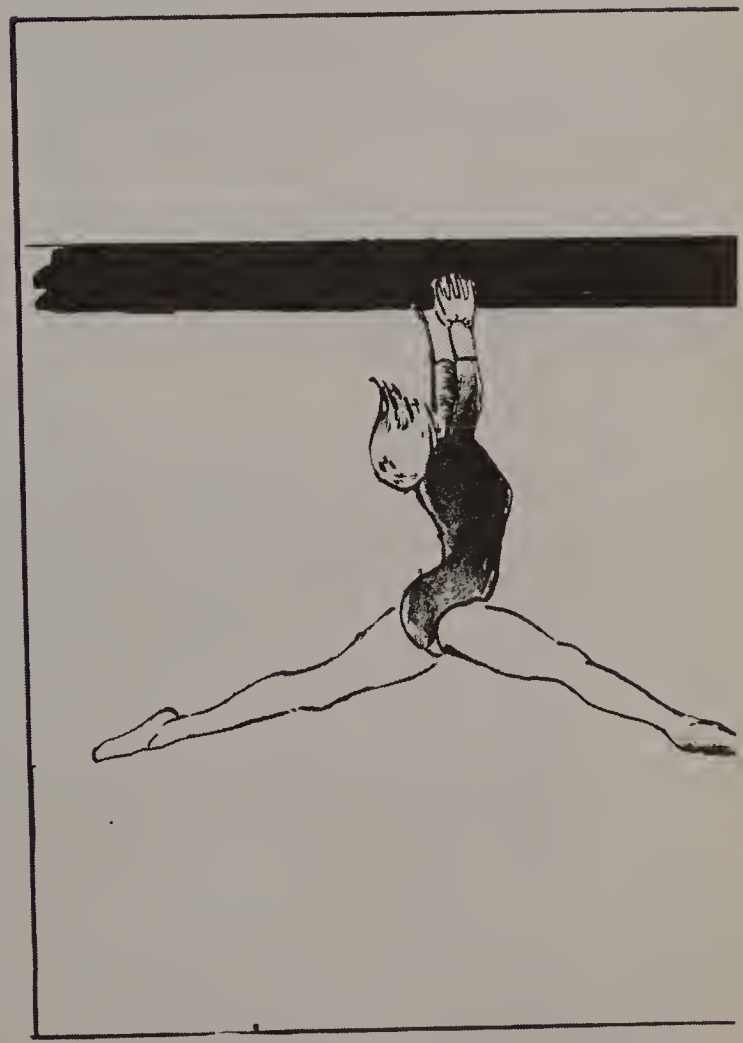
GIRLS SPORTS

You Are A Child Of The Universe . . .



"If you compare yourself with others you may become vain and bitter, for always there will be greater and lesser persons than yourself." This is important to remember not only in sports, but in life. We are all individuals seeking our own identity and yet we are alike in many ways. As we look back on our high school years, we will remember those individuals who had something special and unique about them. If we compare ourselves to our image of how we'd like to be, rather than comparing ourselves to others, we will find happiness in our own individuality and will appreciate others for being themselves. In sports, different people are good at different things. The same holds true in life.

Swimmers Break Old Marks

Breaking a record seems to be a very high goal, yet the 1977-78 swim team broke five school records. Coach Jean McKee worked very hard with this year's swim team and it paid off. The strong swimmers were Lynne Baker, Allison Wetmore, and Julie Standol, (captain of the team). They, along with Barbara Ramirez, broke the 400-free-style relay record with a time of 4:19.5. The swim team also took part in a swim-a-thon to raise money for supplies for our much-awaited swimming pool.

SO FAR, SO GOOD!

Dear Class of '78:

At this point you are supposed to have graduated from high school.

√ You have.

You are supposed to have found avenues for self-expression: academic achievement, group activities, sports, hobbies.

√ You have.

You are supposed to have developed a sense of responsibility, a degree of self-reliance.

√ You have.

So far, so good. You are right on schedule. But don't call it an education!

It isn't.

Learning takes a lifetime—but congratulations on having completed the first step. So far, so good—and may your way ahead be one of continued accomplishment and deep satisfaction.

As I close the pages of this book, I would like to express my thanks and appreciation to all of the students and faculty here at Orange Glen. You made it possible for me to accomplish a goal, the goal and dream of being editor of our high school yearbook and sharing a part in preserving memories.

I would especially like to thank Mr. Dan Harrison for showing myself and many others that no goal is too high to reach. His faith in students and in life itself is inspiring to everyone around him. Thanks for showing me that anything is possible with a positive attitude.

Reflecting upon the past four years, I realize that we have experienced many changes and much growth and learning. Through it all we've been together. No matter what direction we take as we journey through life, memories of friends, good times and all of the things we've shared, will remain with us.

I wish for my graduating class and future graduating classes, all of the happiness, love and success you can handle. May all of your hopes and dreams become beautiful realities. You truly are "children of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should."

Thank-You

Susan L. Howard

Editor-in Chief

As editor I would personally like to dedicate this yearbook, the 1977-78 Torch, to Mr. Galen Kuehnast; a man who truly deserves our appreciation, thanks and recognition. Although rarely commended for his long hours of dedicated work, Mr. Kuehnast has successfully assisted with the production of 15 yearbooks. I would like to thank him for having confidence in my work and in the yearbook staff. He not only taught us how to put together a yearbook, but also how to accept responsibility and work together as a group. His devotion and effort have allowed us to capture and preserve the many memories of our high school years.
